

# AEROSOL CAN CRUSHER

AXR 800

The **AXR 800** is an aerosol can crusher that automatically opens, empties, crushes and ejects 800 aerosol cans per hour.

## The AXR 800:

- **Processes** many different aerosol can sizes with a wide range of can contents. Also handles small paint cans.
- **Removes** and captures 99% of can contents.
- **Separates** liquid can content from propellants, VOCs and other gaseous components.
- **Utilizes** explosion-proof piercing and crushing systems that have proven themselves on millions of paint cans and pails.
- Other aerosol crushers crush 250 or 450 cans per hour ([See Aerosol can crusher general information page](#)).
