Dear Mr. Domanko:

Re: Provincial I.D. Number as a Carrier

This letter is to confirm that your company has been issued the Provincial I.D. Number ABC2268 as a carrier of hazardous waste.

Sections 7.2, 7.3 and 16(g) of the Hazardous Chemicals Act, as well as Sections 4 - 12 of the Hazardous Waste Regulation, Alberta Regulation 505/87, pertain to manifesting hazardous waste. The use of the manifest in consignment, transport, storage, treatment or disposal of a hazardous waste is a legislative requirement. It is also your responsibility as a hazardous waste carrier to comply with other relevant legislation, for example: the Transportation of Dangerous Goods Control Act and associated Regulations, and the Occupational Health and Safety Act.

The waste manifest form referenced in Schedule IV of the Transportation of Dangerous Goods Regulation, is the same form that is referenced in Section 7.3(1) of the Hazardous Chemicals Act.

If you require more information on Hazardous Waste Transport Regulations, please contact Alberta Public Safety Services at 1-800-272-9600.

Yours truly,

A.R. Schutz
Director
Pollution Control Division
